Summary of reasons for decision:

The computer image file printout is deemed objectionable because it promotes and supports the exploitation of young persons for sexual purposes.

The image on the printout shows two figures, one clearly a male, involving an adolescent girl in a sexual act. The purpose of the image is to sexually titillate or arouse people with a sexual interest in underage girls. The availability of this material encourages this sexual interest and perpetuates the idea that young people may be used for adult sexual gratification.

The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
